Our service personnel at sites and leisure

Our core business segments

- Petrochemical plants and refineries
- Electrical power plants
- Heat production plants (Biomass, gas), etc.
- Cement production manufactures
- Other industrial process plants

fppt.com

Our Key Customers

- BP Rotterdam, Netherlands
- BP Gelsenkirchen, Germany
- Covestro Brunsbuttel, Germany
- MiRO Karlsruhe, Germany
- OMV Schwechat Vienna, Autria
- Holborn Europa, Hamburg, Germany
- Exxon Mobile, Rotterdam, Netherlands
- ESSO Netherlands, Rotterdam
- Boltlek, Rotterdam, Netherlands
- TotalEnergies Reffinerie, Leune, Germany
- Refinery Heide, Germany
- Shell Deutschland Oil, Godorf, Germany
- Shell Pernis, Rotterdam, Netherlands
- Neste Oil Refinery Porvoo, Finland
- SIA Schwenk, Latvia
- Orlen Lietuva, Lithuania
- Air Product, Rotterdam, Netherlands

Our Main activities

- Oil&Gas, Industrial pipes and their systems installation & dismantling;
- Welding and Mechanical works;
- Maintenance and Repair of:
  - Heat exchangers,
  - Drums,
  - Columns,
  - Pumps,
  - Valves
  - Air coolers
  - Other equipment;
- Installation and demolition of industrial equipment and units.

Our Main Activities At Sites

1. Industrial Pipes Installation

We specialize in the installation of industrial piping systems for a variety of sectors, including manufacturing, petrochemical, power generation, and construction. Whether it’s new installations, system upgrades, or large-scale projects, our team ensures the highest standards of quality, durability, and performance.

2. Pipes Dismantling & Decommissioning

When it's time to replace, upgrade, or dismantle old systems, **we** provide safe and reliable dismantling services. Our team is highly trained in decommissioning old piping structures with minimal disruption, following strict industry guidelines to ensure safety and environmental responsibility.

3. Welding Works

Our certified welders are skilled in a variety of welding techniques, including TIG, MIG, and stick welding, to meet the specific requirements of your industrial systems. Whether you need welding for new installations, maintenance, or repairs, we guarantee precision and durability to ensure the long-term integrity of your infrastructure.

Our Main Activities At Sites

4. Heat Exchangers Service & Maintenance

We offer comprehensive maintenance and services for heat exchangers of various designs and applications, including shell and tube, plate, air-cooled, and more.

5. Columns & Drums Service & Maintenance

We specialize in the service and maintenance of these essential pieces of equipment, providing solutions for mechanical repairs, pressure testing, and replacement of internal components.

6. Filters Service & Maintenance

Our team offers maintenance services for various types of filters, including cartridge, bag, and duplex filters, as well as custom filtration solutions for petrochemical applications.

7. Oil&Gas, Industrial Equipment Repair

In addition to heat exchangers, columns, drums, and filters, we provide repair and maintenance services for a wide range of industrial equipment, including pumps, valves, reactors, and pressure vessels, ensuring the seamless operation of your industrial facilities.

- Medical certificate in accordance with Oil and Gas UK Medical Guidelines
- GGUV rule 112-198
- HSE Examination for Operational Employees

Welders certificates for different type of welding

fppt.com

Why Choose Us?

- **Expertise**: With years of experience in the petrochemical and other industries, we have developed a deep understanding of the unique challenges and technical demands involved in maintaining complex industrial systems.
- **Safety & Compliance:** Our services adhere to the highest safety standards and regulatory requirements in the industries. We prioritize the safety of the service and operating personnel, your equipment, your team, and the environment.
- **Quality Assurance:** We understand the impact of equipment failure on your operations. Our proactive maintenance programs are designed to minimize downtime, optimize system performance, and extend the life of your equipment to enhancing operational efficiency.
- **Timely Execution:** We understand the importance of deadlines and work tirelessly to ensure your project is completed on time, with minimal disruption to your operations.
- **Customized Solutions**: Each industrial project is unique. We work closely with you to develop tailored solutions that address specific needs, budgets, and timelines.
